Chronic Conditions Warehouse

CODEBOOK:
Master Beneficiary Summary File (MBSF)
27 CCW Chronic Conditions (CC) File

FEBRUARY 2022 | VERSION 1.2

This page intentionally left blank.

Revision Log

Date	Changed by	Revisions	Version
February 2022	A. Sisco	Updated titling to reflect "27" conditions and "CC" file	1.2
February 2021	C. Alleman K. Russell	Migrated codebook to new document template; changed variable order to sort alphabetically on long name	1.1
May 2017	C. Alleman K. Schneider	Initial release of codebook for the Master Beneficiary Summary File — Chronic Condition Segment	1.0

Tips on Navigating the Codebook

This document is a detailed codebook that describes each variable in the Medicare Beneficiary Summary File (MBSF) — 27 CCW Chronic Condition (CC) research files. We have included several ways for users to quickly find the information they need:

- A complete listing of all variables in the files, in alphabetical order based on their SAS variable names.
- Individual entries for each variable contain a short description of the variable, the possible values for the variable, and, in many cases, comments discussing the variable construction and use.

Hyperlinks are included throughout the codebook to make it easier for users to navigate between the table of contents and the detailed entries for the individual variables:

- Clicking on any variable name in the Table of Contents will take you to the detailed description for that variable.
- From the detailed description for any individual variable, clicking on the [^Back to TOC^](#) link after each variable description will take you back to the Table of Contents.

Table of Contents

This section of the codebook contains a list of all variables in alphabetical order based on the SAS variable name.

Variable Details

This section of the codebook contains one entry for each variable in the Medicare Beneficiary Summary File (MBSF) 27 CCW Chronic Conditions (CC) files. Each entry contains variable details to facilitate understanding and use of the variables.

ALZH

LABEL:	Alzheimer's Disease End-of-Year Indicator
DESCRIPTION:	This code specifies whether the beneficiary met the Chronic Condition Warehouse (CCW) algorithm criteria for Alzheimer's disease as of the end of the calendar year.
SHORT NAME:	ALZH
LONG NAME:	ALZH
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For Alzheimer's disease, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with an Alzheimer's code in any position during the three-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

[^ Back to TOC ^](#)

ALZH_DEMEN

LABEL:	Alzheimer's Disease and Related Disorders or Senile Dementia End-of-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for Alzheimer's disease and related disorders or senile dementia as of the end of the calendar year.
SHORT NAME:	ALZHDMTA
LONG NAME:	ALZH_DEMEN
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For Alzheimer's disease and related disorders or senile dementia, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with a related code in any position during the three-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

[^ Back to TOC ^](#)

ALZH_DEMEN_EVER

LABEL:	Date that beneficiary first met claims criteria for the Alzheimer's disease and related disorders or senile dementia indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) Alzheimer's disease and related disorders or senile dementia indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	ALZHDMTE
LONG NAME:	ALZH_DEMEN_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

ALZH_DEMEN_MID

LABEL:	Alzheimer's Disease and Related Disorders or Senile Dementia Mid-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for Alzheimer's disease and related disorders or senile dementia on July 1 of the specified reference period.
SHORT NAME:	ALZHDMTM
LONG NAME:	ALZH_DEMEN_MID
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For Alzheimer's disease and related disorders or senile dementia, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with a related code in any position during the three-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

[^ Back to TOC ^](#)

ALZH_EVER

LABEL:	Date that beneficiary first met claims criteria for the Alzheimer's disease indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) Alzheimer's disease indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	ALZHE
LONG NAME:	ALZH_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

ALZH_MID

LABEL: Alzheimer's Disease Mid-Year Indicator

DESCRIPTION: This code specifies whether the beneficiary met the Chronic Condition Warehouse (CCW) algorithm criteria for Alzheimer's disease on July 1 of the specified reference period.

SHORT NAME: ALZHM

LONG NAME: ALZH_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES:

- 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
- 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
- 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
- 3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For Alzheimer's disease, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with an Alzheimer's code in any position during the three-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

AMI

LABEL:	Acute Myocardial Infarction End-of-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for an acute myocardial infarction (AMI; heart attack) as of the end of the calendar year.
SHORT NAME:	AMI
LONG NAME:	AMI
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For heart attack, beneficiaries must have at least one inpatient claim with a heart attack diagnosis code in the first or second position during the one-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

[^ Back to TOC ^](#)

AMI_EVER

LABEL:	Date that beneficiary first met claims criteria for the AMI indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) acute myocardial infarction (AMI; heart attack) indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	AMIE
LONG NAME:	AMI_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

AMI_MID

LABEL:	Acute Myocardial Infarction Mid-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for an acute myocardial infarction (AMI; heart attack) on July 1 of the specified reference period.
SHORT NAME:	AMIM
LONG NAME:	AMI_MID
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For heart attack, beneficiaries must have at least one inpatient claim with a heart attack diagnosis code in the first or second position during the one-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

[^ Back to TOC ^](#)

ANEMIA

LABEL: Anemia End Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for anemia as of the end of the calendar year.

SHORT NAME: ANEMIA

LONG NAME: ANEMIA

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For anemia, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with an anemia code in any position during the one-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ANEMIA_EVER

LABEL:	Date that beneficiary first met claims criteria for the anemia indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) anemia indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	ANEMIA_EVER
LONG NAME:	ANEMIA_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

ANEMIA_MID

LABEL: Anemia Mid-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for anemia on July 1 of the specified reference period.

SHORT NAME: ANEMIA_MID

LONG NAME: ANEMIA_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES:

- 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
- 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
- 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
- 3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For anemia, beneficiaries must have at least one inpatient, SNF, home health, Part B institutional, or Part B non-institutional (carrier) claim with an anemia code in any position during the one-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ASTHMA

LABEL: Asthma End Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for asthma as of the end of the calendar year.

SHORT NAME: ASTHMA

LONG NAME: ASTHMA

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For asthma, beneficiaries must have at least one inpatient, SNF, or home health claim, or two-Part B (institutional or non-institutional) claims with an asthma code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ASTHMA_EVER

LABEL:	Date that beneficiary first met claims criteria for the asthma indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) asthma indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	ASTHMA_EVER
LONG NAME:	ASTHMA_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

ASTHMA_MID

LABEL: Asthma Mid-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for asthma on July 1 of the specified reference period.

SHORT NAME: ASTHMA_MID

LONG NAME: ASTHMA_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For asthma, beneficiaries must have at least one inpatient, SNF, or home health claim, or two-Part B (institutional or non-institutional) claims with an asthma code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ATRIAL_FIB

LABEL: Atrial Fibrillation End-of-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for atrial fibrillation as of the end of the calendar year.

SHORT NAME: ATRIALFB

LONG NAME: ATRIAL_FIB

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES:

- 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
- 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
- 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
- 3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For atrial fibrillation, beneficiaries must have at least one inpatient claim or two-Part B institutional or non-institutional (carrier) claims with an atrial fibrillation code in the first or second position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ATRIAL_FIB_EVER

LABEL:	Date that beneficiary first met claims criteria for the atrial fibrillation indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) atrial fibrillation indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	ATRIALFE
LONG NAME:	ATRIAL_FIB_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

ATRIAL_FIB_MID

LABEL: Atrial Fibrillation Mid-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for atrial fibrillation on July 1 of the specified reference period.

SHORT NAME: ATRIALFM

LONG NAME: ATRIAL_FIB_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For atrial fibrillation, beneficiaries must have at least one inpatient claim or two-Part B institutional or non-institutional (carrier) claims with an atrial fibrillation code in the first or second position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

BENE_ENROLLMT_REF_YR

LABEL: Reference Year

DESCRIPTION: This field indicates the reference year of the enrollment data.

SHORT NAME: RFRNC_YR

LONG NAME: BENE_ENROLLMT_REF_YR

TYPE: NUM

LENGTH: 4

SOURCE: CMS Enrollment Database (EDB)

VALUES: 1999–current data year

COMMENT: The data files are partitioned into calendar year files.

[^ Back to TOC ^](#)

BENE_ID

LABEL: Encrypted CCW Beneficiary ID

DESCRIPTION: The unique CCW identifier for a beneficiary.

The CCW assigns a unique beneficiary identification number to each individual who receives Medicare and/or Medicaid and uses that number to identify an individual's records in all CCW data files (e.g., Medicare claims, MAX claims, MDS assessment data).

This number does not change during a beneficiary's lifetime and each number is used only once.

The BENE_ID is specific to the CCW and is not applicable to any other identification system or data source.

SHORT NAME: BENE_ID

LONG NAME: BENE_ID

TYPE: CHAR

LENGTH: 15

SOURCE: CCW

VALUES: —

COMMENT: —

[^ Back to TOC ^](#)

CANCER_BREAST

LABEL: Breast Cancer End-of-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for breast cancer (female or male) as of the end of the calendar year.

SHORT NAME: CNCRBRST

LONG NAME: CANCER_BREAST

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For breast cancer, beneficiaries must have at least one inpatient or SNF claim, or two-Part B (institutional or non-institutional) claims that are at least one day apart with a breast cancer code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

CANCER_BREAST_EVER

LABEL:	Date that beneficiary first met claims criteria for female/male breast cancer indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) breast cancer (female or male) indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	CNCRBRSE
LONG NAME:	CANCER_BREAST_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

CANCER_COLORECTAL_EVER

LABEL:	Date that beneficiary first met claims criteria for the colorectal cancer indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) colorectal cancer indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	CNCRCLRE
LONG NAME:	CANCER_COLORECTAL_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

CANCER_COLORECTAL_MID

LABEL: Colorectal Cancer Mid-Year Indicator

DESCRIPTION: This variable indicates whether the beneficiary met the Chronic Condition Warehouse (CCW) criteria on July 1 of the specified reference period.

SHORT NAME: CNCRCLRM

LONG NAME: CANCER_COLORECTAL_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For colorectal cancer, beneficiaries must have at least one inpatient or SNF claim, or two-Part B (institutional or non-institutional) claims at least one day apart, with a colorectal cancer code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

CANCER_ENDOMETRIAL

LABEL:	Endometrial Cancer End-of-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for endometrial cancer as of the end of the calendar year.
SHORT NAME:	CNCRENDM
LONG NAME:	CANCER_ENDOMETRIAL
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For endometrial cancer, beneficiaries must have at least one inpatient or SNF claim, or two-Part B (institutional or non-institutional) claims that are at least one day apart, with an endometrial cancer code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. [^ Back to TOC ^](#)

CANCER_PROSTATE

LABEL: Prostate Cancer End-of-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for prostate cancer as of the end of the calendar year.

SHORT NAME: CNCRPRST

LONG NAME: CANCER_PROSTATE

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For prostate cancer, beneficiaries must have at least one inpatient or SNF claim, or two-Part B (institutional or non-institutional) claims that are at least one day apart, with a prostate cancer code, on any diagnosis, within the last year. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For depression, beneficiaries must have at least one inpatient, SNF, home health, or Part B (institutional or non-institutional) claim with a depression code in any position during the one-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

DIABETES

LABEL: Diabetes End-of-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for diabetes as of the end of the calendar year.

SHORT NAME: DIABETES

LONG NAME: DIABETES

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For depression, beneficiaries must have at least one inpatient, SNF, home health, or Part B (institutional or non-institutional) claim with a depression code in any position during the one-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

DIABETES_EVER

LABEL:	Date that beneficiary first met claims criteria for the diabetes indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) diabetes indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	DIABTESE
LONG NAME:	DIABETES_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

[^ Back to TOC ^](#)

DIABETES_MID

LABEL: Diabetes Mid-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for diabetes on July 1 of the specified reference period.

SHORT NAME: DIABTESM

LONG NAME: DIABETES_MID

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES:

- 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
- 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
- 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
- 3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For depression, beneficiaries must have at least one inpatient, SNF, home health, or Part B (institutional or non-institutional) claim with a depression code in any position during the one-year reference period.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

[^ Back to TOC ^](#)

ENRL_SRC

LABEL: Enrollment Source

DESCRIPTION: This variable indicates the source of enrollment data.

SHORT NAME: ENRL_SRC

LONG NAME: ENRL_SRC

TYPE: CHAR

LENGTH: 3

SOURCE: CCW

VALUES: EDB = Enrollment Database
CME = Common Medicare Environment

COMMENT: The Centers for Medicare & Medicaid Services (CMS) has updated the Medicare enrollment source data for the Master Beneficiary Summary File (MBSF). As of March 2017, the MBSF includes Medicare enrollment information from the CMS Common Medicare Environment (CME) rather than the Enrollment Database (EDB). Data from the two sources was nearly identical. The CME improves the identification of Medicare Part B enrollment and also allows for more timely release of the MBSF.

The universe of beneficiaries in the CME versus the EDB version of the MBSF are only slightly different.

OSTEOPOROSIS

LABEL: Osteoporosis End-of-Year Indicator

DESCRIPTION: This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for osteoporosis as of the end of the calendar year.

SHORT NAME: OSTEOPRS

LONG NAME: OSTEOPOROSIS

TYPE: NUM

LENGTH: 1

SOURCE: CCW (derived)

VALUES: 0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage
1 = Beneficiary met claims criteria but did not have sufficient FFS coverage
2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage
3 = Beneficiary met claims criteria and had sufficient FFS coverage

COMMENT: The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).

For osteoporosis, beneficiaries must have at least one inpatient, SNF, or home health claim, or two-Part B (institutional or non-institutional) claims, with an osteoporosis code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.

The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: <https://www.ccwdata.org/web/guest/condition-categories>

OSTEOPOROSIS_EVER

LABEL:	Date that beneficiary first met claims criteria for the osteoporosis indicator
DESCRIPTION:	This variable shows the date when the beneficiary first met the criteria for the Chronic Condition Warehouse (CCW) osteoporosis indicator. The variable will be blank for beneficiaries that have never had the condition.
SHORT NAME:	OSTEOPRE
LONG NAME:	OSTEOPOROSIS_EVER
TYPE:	DATE
LENGTH:	8
SOURCE:	CCW (derived)
VALUES:	—
COMMENT:	The earliest possible date for anyone in the CCW is January 1, 1999. If the beneficiary became eligible for Medicare after that, the earliest possible date will be some time after his/her coverage start date (i.e., the COVSTART variable in the Beneficiary File).

OSTEOPOROSIS_MID

LABEL:	Osteoporosis Mid-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for osteoporosis on July 1 of the specified reference period.
SHORT NAME:	OSTEOPRM
LONG NAME:	OSTEOPOROSIS_MID
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For osteoporosis, beneficiaries must have at least one inpatient, SNF, or home health claim, or two-Part B (institutional or non-institutional) claims, with an osteoporosis code in any position during the one-year reference period. When two claims are required, they must occur at least one day apart.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>

RA_OA

LABEL:	Rheumatoid Arthritis / Osteoarthritis End-of-Year Indicator
DESCRIPTION:	This variable indicates whether a beneficiary met the Chronic Condition Warehouse (CCW) criteria for rheumatoid arthritis/osteoarthritis as of the end of the calendar year.
SHORT NAME:	RA_OA
LONG NAME:	RA_OA
TYPE:	NUM
LENGTH:	1
SOURCE:	CCW (derived)
VALUES:	0 = Beneficiary did not meet claims criteria or have sufficient fee-for-service (FFS) coverage 1 = Beneficiary met claims criteria but did not have sufficient FFS coverage 2 = Beneficiary did not meet claims criteria but had sufficient FFS coverage 3 = Beneficiary met claims criteria and had sufficient FFS coverage
COMMENT:	<p>The CCW's chronic condition flags require beneficiaries to satisfy both claims criteria (a minimum number/type of claims that have the proper diagnosis codes and occurred within a specified time period) and coverage criteria (FFS Part A and Part B coverage during the entire specified time period).</p> <p>For rheumatoid arthritis/osteoarthritis, beneficiaries must have at least two inpatient, SNF, home health, or Part B (institutional or non-institutional) claims that are at least one day apart with a rheumatoid arthritis/osteoarthritis code in any position during the two-year reference period.</p> <p>The CCW's criteria were developed after reviewing validated algorithms from the research literature and criteria used by other federal data sources. You can find more detailed information on the criteria on the CCW website: https://www.ccwdata.org/web/guest/condition-categories</p>
